

Unitary Councillor's December Report

Stottesdon

I have had a meeting with Andy Keyland and Jason Davis regarding a new depth gauge at the ford crossing at Prescott. They have this in hand and, also the fence that has been broken.

Kinlet

Meaton lane potholes continue!! They have been reported to Andy Keyland again. Apparently when we report on fixmystreet, we sometimes get an email saying that the works have been completed. But is not always the case, it means sometimes that it has passed from one department to another! I have had it reported to myself about vandalism at Hawsbatch, which I have reported to the Forestry commission. It is concerning electric bikes and building fires.

Neen Savage

I have had the arranged meeting with Andy and Jason and Dorothy to discuss the works required regarding the flooding, the signage and the safety fence, at the ford at Neen Savage, which I am hopeful is all in hand now. A problem a Goesland to Nethercott, where the road has collapsed and washed the side of the bridge away. This was going to be done from the 1st to 5th December, but, has recently been cancelled. No further date given. If anyone travels this road, be very careful because there are no markers and could end up in the brook!

Hopton Wafers

I met with Parish Councillor Barry Buffery along with Andy Keyland to discuss the planned roadworks along the Doddington to the Ditton Mill road. It was decided that the works would take place in the spring, when the weather will hopefully be better.

Wheathill

I look forward to the next parish council meeting.

Farlow

There is a very large pothole just along from the old gate hangs well. I have reported it again. I have spoken with Andy Keyland about the Stonehouse to Catherton cattlegrid road. It is in the pipeline to be done, hopefully in the spring of next year.

Thank you to everyone who has donated or pledged monies to help save the Cleobury Mortimer Sports Centre which I consider is vital not only to Cleobury Mortimer, but to the surrounding villages as well. So far, they have raised £26,000 which is an amazing effort!

Shropshire County Council

Shropshire Council are to apply for a grant from the government which will save it going into emergency measures, which is to be avoided at all cost.
