Important notes for applicants and their parents or guardians:

Applications for awards will be considered for boys and girls under the age of 25, who are themselves resident, or who have a parent or guardian who is resident in the Parish of Neen Savage and who can demonstrate a need for financial assistance to attend any Secondary School, College of Education, University, or other Institution of Further Education (including professional and technical) to enable such persons: to prepare for or enter a profession, trade or calling by providing outfits, clothing, tools, instruments or books; to travel in this country or abroad to pursue their education; to study music or other arts; otherwise to promote their education.

Awards shall be of such type and value as the Trustees think fit subject to such conditions as they shall determine, and subject to availability of funds, and the number of applicants each year.

Applicants will be required to attend an interview before an Award is made, preferably in person at a mutually convenient time (usually at the very end of August or in early September) at the Parish Hall in Neen Savage.

Awards, if granted, will be for the 12 months beginning in September of the year in which the Award is made, but may be reconsidered or reviewed in the following March if, by the 1st March following the making of the Award, the applicant is able to show the Trustees that his or her financial circumstances have changed considerably or additional expenses are to be incurred which the Applicant will have to meet out of his or her own pocket and which were not known or foreseeable when the original application was made.

Grants are not automatically renewable and must be applied for each year.
